### **Financial and Managerial Accounting, Binder Ready Version**

One simple definition of management accounting is the provision of financial and non-financial decision-making information to managers. According to the Institute of Management Accountants (IMA): "Management accounting is a profession that involves partnering in management decision making, devising planning and performance management systems, and providing expertise in financial reporting and ...

### **Management accounting - Wikipedia**

Accounting or accountancy is the measurement, processing, and communication of financial information about economic entities such as businesses and corporations. The modern field was established by the Italian mathematician Luca Pacioli in 1494. Accounting, which has been called the "language of business", measures the results of an organization's economic activities and conveys this ...
