W or The Memory of Childhood is thus a kind of book I have heretofore considered impossible, a great, readable, tragic French novel fundamentally informed by poststructuralist thought. The influence of Levi-Strauss is most obvious in the second part of the W narrative, where Perec pastiches structuralist anthropology to describe, in chillingly ...

UNIT 7: MEMORY QUESTION #7.1: What is memory? Memory is the amount of previously learned material that has been retained. Therefore, retention is another name for memory. There are two basic forms of retention: procedural and declarative. Procedural memory is how to perform an action, in sequence. Athletic skills are one example of procedural memory.
