Yeltsin's Russia: Myths and Reality is the most current and comprehensive account of the achievements - and failures - of Boris Yeltsin's Russia. Combining keen political analysis with the unique perspective of a native observer, Shevtsova's book also offers a valuable assessment of the forces that will shape the post-Yeltsin era.

Yeltsin's Russia : myths and reality (Book, 1999

One comes away from this very thoughtful, intelligent account saddened and chastened -- saddened that Russia has been so ill served by its politicians (including Yeltsin) and their short-sighted games for small-minded stakes, and chastened because the course of events has departed so much from what most observers, even Russia's sharpest critics, had expected.
