WiFi232 – An Internet Hayes Modem for your Retro Computer

Adventure is a video game for the Atari 2600 video game console, released in late 1979–1980. In the game, the player controls a square avatar whose quest is to explore an open-ended environment to find a magical chalice and return it to the golden castle. The game world is populated by roaming enemies: three dragons that can eat the avatar and a bat that randomly steals and hides items ...

Pong was the first game developed by Atari. After producing Computer Space, Bushnell decided to form a company to produce more games by licensing ideas to other companies. The first contract was with Bally Manufacturing Corporation for a driving game. Soon after the founding, Bushnell hired Allan Alcorn because of his experience with electrical engineering and computer science; Bushnell and ...
